MODELLO RHAPSODY

NICOLAQUINTO®
ITALIA

Salone
del Mobile.
Milano

Rhapsody sale in passerella e viene presentato in anteprima al Salone del Mobile 2022 a Milano. Un divano che unisce il mondo della moda, da cui trae ispirazione e il mondo del mobile imbottito nel quale nasce. L'ampia seduta è un omaggio all'essenziale, alla purezza e grazie alle diverse densità dell'imbottitura dona un comfort unico. Il cordino in evidenza, i tagli trasversali sugli spigoli e le pieghe del rivestimento sul bracciolo sono chiari riferimenti al mondo dell'haute couture che conferiscono un'anima fashion e rock al divano.

Rhapsody takes the catwalk and is premiered at the Salone del Mobile 2022 in Milan. A sofa that combines the world of fashion, from which it draws inspiration, and the world of upholstered furniture in which it was born. The wide seat is a tribute to the essential, to purity, and thanks to the different densities of the padding it gives unique comfort. The prominent cord, the cross cuts on the edges and the folds of the upholstery on the armrest are clear references to the world of haute couture that give a fashion and rock soul to the sofa.

Nei casi di versioni componibili, richiesti con rifinitura nel rivestimento scelto anziché con fodera come normalmente prodotta, verrà valutato un sovrapprezzo concordato con l'azienda. I pesi ed i volumi riportati in scheda sono prettamente indicativi poiché suscettibili di tolleranze dettate dai processi produttivi. Nelle realizzazioni combinate in diversi rivestimenti, in presenza di categorie differenti, il prezzo da considerare è quello della categoria più alta.

In cases of modular versions, requested with finishing in the chosen upholstery instead of lining as normally produced, a surcharge agreed with the company will be considered. It should be noted that due to production requirements there may be changes in materials, upholstery and product dimensions without prior notice. In combined realizations in different coatings, where there are different categories, the price to be considered is that of the highest category.

La tecnologia e il design sono i due concetti alla base di questo progetto. Le curve ergonomiche e l'imbottitura a varie densità conferiscono alla poltrona un comfort unico. Una base girevole conferisce libertà di movimento, sensazione amplificata dal recliner a due motori indipendenti. La presa usb è un accessorio ormai indispensabile.
