ANNA è la soluzione concepita per coniugare volumi importanti con linee arrotondate. Di particolare impatto il suo modulo angolo terminale, rifinito con forme tondeggianti al quale affiancare il pouf a mezzaluna per ottenere così una composizione unica nel suo genere. L'imbottitura e le cuciture dei cuscini dello schienale conferiscono una posizione perfettamente anatomica. Dotando la seduta di recliner elettrico, si può ulteriormente potenziare la comodità.

ANNA is the solution designed to combine important volumes with rounded lines. Of particular impact is its terminal corner module, finished with rounded shapes to which the half-moon pouf can be added to create a unique composition. The padding and stitching of the backrest cushions provide a perfectly anatomical position. By equipping the seat with an electric recliner, comfort can be further enhanced.
